Welcome

Welcome to the DFARS Concise form.

The form is termed “concise” in order to differentiate it from the NIST 800-171 form which requires an organization to assert implementation of the 110 specific controls. This form only has a maximum of eight questions to be answered.

The objective of this form is to determine if your organization is processing CUI as defined in DFARS 252.204-7012. And, if so, there are questions that deal with the associated obligations of safe guarding the CUI and reporting any cyber incidents that may be associated with the CUI.

Instructions

Please answer Yes or No to the following obligations under DFARS 252.204-7012, Safeguarding Covered Defense Information (CDI) and Cyber Incident Reporting (OCT 2016).

DFARS Assertions

1. Are your company's Information Technology systems used in the performance of DoD contracts that process CDI data?

- Yes
 No

11. Has your organization implemented the security controls required in National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171r1, Protecting Controlled Unclassified Information in Nonfederal Information Systems and Organizations?

(ref: <https://www.nist.gov/node/1130741>)

- Yes
 No

111. Has your organization documented how it implements the above controls in a required System Security Plan (SSP)? Your organization may be required to provide validation as part of an RFP response, during the damage assessment process after a breach, or a compliance audit?

- Yes
 No

112. Are any unimplemented or deficient controls documented in a required Plan of Action and Milestones (POAM)? Your organization may be required to provide validation as part of an RFP response, during the damage assessment process after a breach, or a compliance audit?

- Yes
 No

12. Do you have a DoD-approved medium assurance certificate to "rapidly report" cyber incidents to the DoD CIO within 72 hours to <http://dibnet.dod.mil>?

- Yes
 No

13. Are you sharing CDI with a supplier or suppliers?

- Yes
- No

131. Have you flowed down the obligations of DFARS 252.204-7012, Safeguarding Covered Defense Information (CDI) and Cyber Incident Reporting (OCT 2016) to all the above suppliers?

- Yes
- No
