SCP Information

e

Exostar's Supply Chain Platform (SCP), powered by E2Open, is a procurement and collaboration solution that allows Buyers in the Aerospace and Defense industry to communicate with their Suppliers electronically. Buyers integrate their procurement solutions with SCP to electronically send documents to their suppliers. Suppliers use SCP to electronically send responses to electronic documents sent by their Buyers.

Main components of Supply Chain Platform are:

Order Management

- Purchase Orders (Discrete and Blanket)
- Schedule Agreements
- Receipts
- Shipments
- Invoices

Supply Planning

- Forecasts
- Long Term Forecasts

Supply Chain Customers

Click on a customer name below to learn more about their specific version of SCP:
