ForumPass 7 Release Notes – July 2020 (US)/ June-July 2021 (UK)

ForumPass 7 includes a core technology upgrade from MS SharePoint 2013 to MS SharePoint 2016, providing customers with increased performance and scalability while ensuring continued platform support. ForumPass 7 retains the familiar Microsoft user interface and includes some additional features such as 'Microsoft Office Online Server' allowing the editing of documents within the browser.

Key Functionality in this Release

- Upgrade to SharePoint 2016
- Upgrade to Seclore Server (for ForumPass Defense subscribers)

For a detailed description of the differences between SharePoint 2013 and SharePoint 2016, please reference the [Microsoft Support site](#). A few SharePoint 2013 features are no longer available in SharePoint 2016. [Here is the complete list, with potential workarounds.](#)
