Get Started - Oceaneering

e

Please follow the steps below to access Partner Information Manager (PIM). Click here to view the [Get Started - PIM Quick Guide](#).

Step 1. Register with Exostar

You and your organization must register via Exostar's [Managed Access Gateway \(MAG\)](#), to access the appropriate forms in Exostar's [Partner Information Manager \(PIM\)](#).

- Click [here](#) to complete organization registration.

Step 2. Obtain Credential

You must obtain a Phone One Time Password (OTP) without Proofing credential in order to access PIM. Please see the [Credentialing](#) page for detailed steps on purchasing and activating the Phone OTP without proofing.

Step 3. Access PIM

Once you register your mobile phone, you can access the application via Exostar's MAG. To login in with your Phone OTP:

1. After logging in with your UserID and password, the **Phone OTP Authentication** page displays. Select **Phone** and **Delivery Method**.
2. Click **Send**. The OTP Code expires two minutes after clicking **Send**.
3. You will receive the OTP code via your selected delivery method. Enter the **OTP Code** in the OTP Code field. Click **Submit**.
4. You are logged in with your Phone OTP credential. Verify you logged in with your Phone OTP credential by confirming the credential strength on your MAG dashboard, in the My 2FA Credentials section.
5. Select **Launch** next to **Partner Information Manager**. As the first user for your organization, you are also the application administrator for your organization. In this role, you can invite other people in your organization and assign their roles.
