Raytheon Technologies Sourcing

e

Managed Access Gateway (MAG)

Raytheon Technologies uses Exostar's Managed Access Gateway (MAG) for hosting and managing partner access to the Sourcing application. To learn more about MAG including how to get an account to start accessing the Sourcing application, please visit the [MAG](#) section of our site.

About Tenders (RFI, RFP, RFQ, EoI)

The eRFx functionality allows the creation of a tendering/sourcing/procurement which consists of steps to form a complete project. The project can contain several events or sourcing stages.

Terminology:

- **RFI:** Request for Information
- **RFP:** Request for Proposal
- **RFQ:** Request for Quotation
- **EoI:** Expression of Interest

Please see the [Downloadable Guides](#) page for more information on Sourcing.
